MURMURS FROM THE PRAIRIE

Those who attended the A. H. T. A. picnic at Bethel enjoyed themselves in spite of the rain that drove many to their cars. After the shower was over the program was carried out as prepared. We noticed Estell Jackson had good appetite for pie and carried off the prize as champion pie eater. Little Etta May Miller of Monett carried off first prize in the baby contest as being the prettiest baby. The shade and spring water is what everyone enjoys on hot days and there is no better place for a picnic.

Announcement of Change To CASH BASIS

There never was a time in the history of the country when merchants faced conditions as they xist today. We know that time has not been in the history of our firm (15 years in Monett.)

Business is carried on much as it was fifteen or more years ago while conditions are as different as day and night. Problems daily arise that tax our ability to solve. As to the future of merchandising it is as much of a mystery as could befuddle the brain of man. It is no longer a question of price, but to get the merchandise at any price with which to supply our trade. Today, in order to have merchandise in season, we are obliged to buy and pay for this merchandise many months in advance of the time when there will be a demand for it. In former years we could buy merchandise as we needed it and when we needed it and it did not require such an immense amount of capital with which to operate.

In addition to the extra outlay of capital required for merchandise bought in advance, we have to pay from 50 to 300 percent more than ever before for the same merchandise, hence you can readily see what it means in the way of capital invested.

We do not want to impair the service of our store nor do we want to add exorbitant profits to cover these extraordinary conditions, and to avoid these things we must adopt methods that will conform to the conditions and will place us on a footing whereby we may continue to serve our trade in a satisfactory and economical manner and thereby safeguard your interests as well as our own.

Hence, after due deliberation and with a full knowledge of the fact that the change that we propose to make is a radical step, we can come to but one conclusion, and acting on that conclusion we want to announce to our friends and patrons that on and after

MONDAY, AUGUST SECOND, 1920, WE WILL SELL FOR CASH ONLY

In adopting this policy we realize that there can be no half-way methods used; it must apply to every man, woman and child. You must know that no one will receive favors at our hands that you do not receive.

We will abolish all books and will have no system by which charge accounts can be handled, therefore, not a single item will be charged to anyone. We fully believe that after sober thought you will indorse this departure from old methods and agree with us that under all circumstances it remains the last and only solution of the problems that beset business today. We will submit further reasons in this space next week and trust that you will take time to read them. We will show you where we both save money.
